# Chris Wang

Managing Director

Chris's educational background happened to be in the field of Earth Sciences involving many field trips. In the early 1980's, Chris spent an entire summer in the distant Tibetan Plateau where dramatic mountain scenery, mighty rivers, and abundant wildlife lie along with the hospitable locals, fascinating religion, and charming human stories. This deeply amazed and imprinted on him, and right after that trip, Chris changed his career path and became a travel professional.

Chris started his career in Asia working for companies such as CITS and A&K. In the mid - 1980's, Chris pioneered China's first-ever overland journey for foreign tourists to Tibet. A year later, during his first visit to Europe, he witnessed the era of partition at the Berlin Wall.

After moving to Canada, Chris has rendered services to well-known companies such as Conference World Travel & Tours, Vision 2000 Travel Group, Goway and more.

Apart from countless trips to China and Asia, and subsequent trips in Europe and North America, Chris also explored some exotic destinations such as Uzbekistan, Kazakhstan, and Kyrgyzstan, North Africa, Panama, Costa Rica, Hawaii. Columbia, Argentina, and Antarctica.

He speaks English, Chinese (Mandarin and Cantonese) and understands some European languages.

# Kerry Ke Executive Director

Kerry's passion for travel and food led him into the hospitality industry. As an independent traveller, he has been planning his own travel itineraries since he was 16. With his interpersonal skills and attention to detail, planning a customized tour for individual clients and small groups comes naturally to him.

Kerry has very high standards and designs itineraries for his clients with as much care as he would for his own travel. When working at Compass Holidays, many clients appreciated his hard work and effort and called him a great representation of the company.

Kerry enjoys incorporating his other interests into his travels. Food plays a major role in Kerry's trips as he searches for local delicacies and ethnic foods in each destination. He also loves driving and has explored almost every corner of North America. During his many driving excursions, he explores wonderful scenery not on the usual tourist route and enjoys beautiful moments between destinations.

Kerry is proficient in English, Chinese (Mandarin and Shanghainese), and understands Cantonese.

# Mary Surbek Sales & Marketing Director

Mary started her career in the travel industry 35 years ago, where she began with Conference Travel and Tours. They pioneered travel to countries that were not then accessible in the travel industry, like China, India, Africa and Russia.

Mary's extensive knowledge and experience with sincere gratitude goes to Conference World Tours who brought educational exchanges and professional conferences for The Royal College of Physicians, the Bar Associations, Dental Surgeons, ROM, Art Gallery and many more to every corner of the world.

Vision 2000 World Tours is where she continued to service the travel industry in selling and customizing travel to all the countries she has travelled to. She is especially passionate about China, India, East Africa, South America, the Middle East, and Eastern Europe, including Russia, Croatia, Slovenia, Serbia and Macedonia.

Mary also has a passion for people, music, art and culture. She has been praised by agents and clients for her attention to detail in their travel arrangements and has been quoted as "The Author of Good Times".

# **Private Custom Trips**

At Trip Connoisseurs, putting together a custom trip involves more than picking and mixing a bunch of preset modules. We understand that true custom trips require the experience and expertise of a connoisseur to carefully craft each component and incorporate it into the tour.

We love creating custom trips and we know there are thousands of extraordinary places around the world that can only be unlocked with the freedom of private travel.

To us, custom trips are a hand-crafted work.

# **Small Group Trips**

Trip Connoisseurs offers small group journeys to many destinations across the world. Our average group size is about 10 and is almost always composed of like-minded travellers. Some group trips are exclusively for friends and family members.

Many of our small groups stay in quaint local hotels or family-run guest houses. Groups often travel in a regular van or a small bus, down roads to out-of-the-way places where they can experience friendly local restaurants or cafes.

Our small groups feature many walking tours in ancient towns, putting you in closer touch with the local history and culture as well as providing the opportunity to mingle with the locals.

From time to time, our connoisseurs will be on the road as the group leaders themselves, sharing their firsthand extensive knowledge and expertise that have taken years to develop. Why not take advantage of it?

If you are looking for authentic local experiences with excellent value and are interested in meeting other travellers while not wanting to be treated like a number, you will thoroughly enjoy our small group trips. Memories of a lifetime will be created given the comfortable environment of fellowship and information-sharing that can be witnessed for all of our small group trips to Asia, Europe, South America, Africa, the Middle East and beyond.

# **Family Trips**

Exploring exotic places as a family sharing remarkable sights, forging new paths as a team, and having fun together leads to bonds between loved ones and creates lasting memories. That's why we take great care in designing trips for every kind of family group: from young couples with kids, grandparent/grandchild duos to four-generation reunions.

We love crafting journeys that comfortably, authentically and delightfully immerse families in new cultures and experiences. We thoughtfully select the pace, themes, activities, and accommodations to suit your travelling clan's style and needs. We enjoy our work in bringing families together in special ways to mark birthdays, anniversaries, retirement, and other milestones.

Perhaps a graduation gift trip to China? We know people of all ages are wowed by China's imperial monuments like the Forbidden City and the Great Wall. And Pandas inspire an

entirely different kind of "aww."

Or a Galápagos cruise with stops to snorkel with sea lions and hike amid volcanic formations? Maybe a vacation to Europe that combines sightseeing, gourmet food and shopping? We handle all the details so you can focus on connecting with the world and each other.

# Rail & Cruise Journeys

Step back in time and watch the world go by on a great railway journey. Train journeys are greener, more leisurely and stylish with an intimate pace. They are the grand notion of travel. We love the epic Silk Road and the Trans-Siberian journeys. The Golden Eagle is rumbling on a one-hundred-year-old route across the Siberia carrying passengers through dramatic landscapes between Vladivostok and Moscow. India's in-demand luxury train journeys such the Maharajas' Express, Palace on Wheels, Golden Chariot, and Deccan Odyssey cover most of India's highlights. In Africa, the famed cross-continent Shongololo and Rovos Rail take passengers across South Africa into neighbouring countries and beyond.

Since some of the earth's wonders are best reached by riverboats or small ships and often times cruising is an extremely pleasurable and relaxing way of travel (not having to pack and repack), we have hand-selected a number of extraordinary voyages - a sojourn on the Adriatic or the Aegean, an adventure in the Amazon, sailing on the Irrawaddy through Burma's villages hardly touched by tourism, along the Mekong from Vietnam to Cambodia, cruising the Yangtze through the Three Gorges, and along the scenic rivers, canals, and lakes of the Russian Waterways.

Our connoisseurs are on hand to advise times and dates, to take care of city breaks and tour options to top and tail the rail leg of your journey, and to help with pre and post extensions of your chosen voyage through the most spectacular land and water of the world.

# We had a fantastic time in Asia, probably the best trip we've ever done.

I appreciate all the hard work - everything fell into place.

Myanmar was a highlight and I'm so pleased we added it to the itinerary and that we spent the full 9 or 10 days there. Another highlight was the Mekong river cruise. We were lucky in that it was towards the end of the season so there were only a maximum of twenty guests at any time with a crew of around 40. It topped even our experience with Scenic in Europe. The Jahan has bigger cabins and the service was outstanding, not to mention that they had great food.

# I'd rate the tour company a 10/10.

The itinerary was perfect with virtually no overlap from city to city, i.e. we didn't see the same thing twice. The tour guides themselves were great with a good command of English, very knowledgeable and able to make suggestions for local restaurants, shopping, whatever. I was impressed too that they took us to places where things were made locally rather than something touristy.

I particularly appreciated the air conditioned SUV and supply of bottled water when we were in Siem Reap; don't think I would have made it otherwise (temperatures were in the high nineties).

We loved virtually all of the hotels, our favorites being the Apricot in Hanoi, the boutique hotel in Chiang Mai -Puripunn, the Sunrise Resort in Hoi An and the hotels in Bagan and Inle Lake as part of our tour.

One very good thing came out of our flight delay however: the guide took us home with him and then arranged for his in-laws to prepare lunch for us. When David tried to tip him afterwards he wouldn't take the money saying we had been his guests. It was a wonderful and unique experience.

Look forward to planning another trip with you for next year."
